Greg Abbott has a really nice alignment favoring relationships, social activities, pleasurable and awe-inspiring situations. With the transiting Venus and natal Sun, the same degree in Scorpio, pretty much guarantees his popularity, approval and success.

Beto O'Rourke

Beto O'Rourke has Venus 90-degrees "negative" to Saturn, which always creates a time when you have difficulties with relationships, financial matters, health and losses.

Comments: How could Beto O'Rourke win the Election with this chart? **Impossible.** This chart could easily have been accessed months or years in advance, and saved millions of dollars wasted on a candidate that doesn't stand a chance to win.
