

Scott Peterson Saga Will Scott Peterson get a new trial?

Below is the natal chart of Scott Peterson (October 24, 1972), on the early morning hours of Christmas Eve 2002; he went fishing some 90 miles away, and his wife, Laci Peterson, 8 months pregnant went missing. This disappearance was in the news for a full year! Laci's body was later found in the same area where Scott Peterson went fishing. He was found guilty by a jury and sentenced to death. However, in California the death penalty has been removed, and therefore he is now to be re-sentenced by a Judge on December 8, 2022 to a life sentence without patrol **unless** he gets a new trial, which he is seeking.

First what does Scott's chart show for Christmas Eve 2002? Is there any evidence he committed the crime? He said, he went fishing some 90 miles away, drove back home early evening, ordered a pizza, took a shower, washed some clothes and then discovered his wife Lacy was "missing". However, his chart on this day, shows the positioning of the Sun 90-degrees natal Pluto/Jupiter indicates life-threatening events, **loss of personal control**, and **extreme situations**. Jupiter "negative" Pluto produces disagreement and/or difficulties with contemporary forms of religion, government, laws, or way of thinking.

There is a natal planet and then the corresponding transiting planet, and they are really the same planet, one represents the time you were born, and the other represents the present time.

Transiting Pluto and transiting Saturn were 180-degrees; transiting Pluto was 180-degrees Scott's natal Saturn, and within the 3.5-degrees allowing the transiting combination to operate. This combination was not just present on December 24, 2002, as Pluto moves very slow and thus was operating for months prior to the event. This influence creates drastic situations, **outlets for harsh and cruel treatment**. Pluto is strict and controlling--it is always final and complete and has an extreme influence over society. Saturn rules unhappiness and with Pluto it would be **extreme unhappiness**.

Scott Peterson's defense attorneys are asking for another new trial. His defense team has shown that one of the jurors didn't disclose relevant information on a form.

Will a judge grant Scott Peterson another trial before the December 8, 2022 sentence? On December 2, 2022 a Judge will rule if Scott Peterson is to get another trial. Scott Peterson is requesting the state and county pay for his legal expenses and the cost

to do another trial **would be in the millions**. On December 2, 2022 transiting Uranus and the South Node are 90-degrees, and within the 3.5-degrees.

Transiting South Node and transiting Uranus are 180-degrees. Uranus "negative" South Node causes **undesirable changes**.

Venus "negative" Mars creates a **destructive quality** to one's happiness and well-being, and/or to one's relationships.

Venus "negative" Neptune creates uncertainties and unknown or **unpleasant situations** particularly in relationships, or social activities, which can turn the personal life upside down or into disarray.

Transiting Mercury "negative" transiting Neptune always causes things to be **deceptive, distorted, or not factual**.

Mercury "negative" Venus makes an individual self-indulgent, and self-serving. Does not take friendly advice.

On **December 8, 2022** a Judge is supposed to rule on a life sentence for Scott Peterson and his chart for December 8, 2022 is shown below; which will occur if he is not granted another trial.

The screenshot shows a software interface for calculating a natal chart. The 'Data Input' section includes:

- Tr. date: 12/8/2022, Na. date: 10/24/1972
- Time: 14.23, Na. TZ: 8
- Set Orbs: so 2.50, mo 3.50, lo 6.50, xlo 8.00, xxlo 12.0, XL2 15.0
- Buttons: Calculate, Now, Clear all grids, Rules (checkboxes 1-12), Special coloring for grids 3-6 (checkboxes), For grids 5/6: Left-click: 'TQ orb', Right-click: planets in same sign.

 Below the interface are two grid charts. The left chart is labeled 'Grid 1' and the right chart is labeled 'Grid 2'. Both charts show planetary positions and aspects for the date 12/8/2022. In Grid 1, Uranus (Ura) is at 19.51 and the South Node (S.N) is at 20.21. In Grid 2, Uranus (Ura) is at 19.51 and the South Node (S.N) is at 20.21. The charts use color-coding: red for negative aspects, yellow for positive aspects, and green for other aspects.

Uranus "negative" South Node causes some **undesirable changes**. Transiting Mercury which rules communications and, **oddly this planet is in the same exact spot as the transiting Sun was on December 24, 2002** when the crime was committed. This clearly indicates **mental stress for Scott** as these aspects create **overwhelming adversity and difficulties with the law**.
